

Other Services

With the active collaboration from the Ministry of Livestock & Ministry of Fishery and expert opinions of the nodal persons from the above mentioned Ministries, Agromet Advisories for for Livestock, Poultry and Fishery. Some of the examples of Agromet Advisories already been issued during last winter are mentioned below.

Livestock

Keep the animals under sheds during night hours for protection from cold weather in Moulvibazar, Panchagarh, Nilphamari, Kurigram and Chuadanga. Provide 50 gm iodized salt and 50 to 100 gm mineral mixture daily with animal feed/fodder or berseem to keep them healthy. Take special care for newly delivered mother cow. Keep clean and dry the new born calf and cowshed. Cover the openings of shed by jute bag. Feed the cattle dry food. Also cover the young one by jute bag.

Poultry:

Arrange bulb with high power and maintain proper height of bulb for proper warming inside the cage. Apply only dry food for feeding purpose. Apply electric bulb for new born chicks Keep the cage dry and warm.

Fishery:

Apply less amount of floating food only day time. Clean the surrounding for direct sunlight. Stirring the fishes with net must be done per week. Apply 8-10 kg lime mixed with water per bigha pond area.
